Home Phone :() _____ Cell Phone: () _____

Boat Name: _____

Boat Registration #: _____ Make & Model: _____

Overall Length: _____ Beam: _____ Draft: _____

Arrival Date/Time: _____ Departure Date/Time: _____

Grey water storage and disposal: Please describe how your vessel will be storing and disposing of grey water (wastewater generated from domestic activities like laundry, dish washing, and bathing) for the duration of your stay. Please include the capacity of any onboard storage tanks and their location on the vessel. Also include the name of any vendor that will be assisting in the storage or disposal of grey water while at the docks.

Black Water storage and disposal: Please describe how your vessel will be storing and disposing of black water (sewage), for the duration of your stay. Please include the capacity of any onboard storage tanks and their location on the vessel. Also include the name of any vendor that will be assisting in the storage or disposal of grey water while at the docks.

Please Note: The coastal marshlands protection act of Georgia (O.C.G.A. 12-5-280) strictly prohibits the discharge of grey or black water into rivers within the state. Vessels may also be subject to rules regarding timing of stay and method of docking. The rules may vary from facility to facility depending on permitting. Please consult the dock master for further details.

Please also note that under Georgia Law vessels with live aboards (persons living on the vessel) are not allowed to dock more than 30 days within a calendar year on any permitted dock in the State.
